EQUAL Tire Performance

A dry granular polymer that is placed inside the tire to provide a smooth ride and longer tread life for the life of the tire. Developed for installation in light/medium size truck and bus tires.

Automotive

How is EQUAL used?

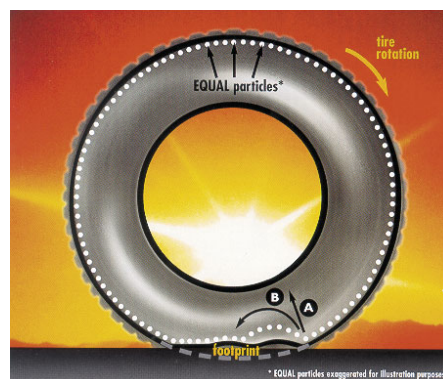

There are two ways of installing EQUAL inside the tire. The patented "Drop-in-Bag" can be placed unopened into the tire before mounting. Upon driving a short distance, the "Drop-in-Bag" will open releasing the product inside the tire. The "Drop-in-Bag" will break down into progressively smaller pieces and not interfere with the performance. If the tire has already been mounted, EQUAL can be installed through the tire valve stem using the EQUAL applicator tool.

The EQUAL "Drop-in-Bag" is available in six package sizes. To find the right size, please refer to the EQUAL Application Chart.

BENEFITS

- Smooth Ride
- Improved driver comfort = better driver retention
Less wear and tear on truck components
- Longer Tread Life Over the Life of the Tire
- More even tread wear = reduced cost per mile
- Performs Over the Life of the Tire
- No need to re-balance
- Eliminates the use of weights
Wheel weights become a thing of the past

EQUAL particles exaggerated for illustration purposes. Cushioning effect: A = vertical and B = lateral speed up by forming of the footprint

EQUAL Tire Performance

- Dampens vibrations inside the tire
- Provides a continuous balance
- Reduces vibrations at the tire footprint.

EQUAL moves freely in the rotating tire/wheel assembly, adapting to the constantly changing operating conditions.

The pictures shown in the brochure may differ from the delivered equipment and include optional accessories. For detailed information on optional accessories, please request the respective brochure or visit us at www.rematiptop.com.

Part #	Description	Size	Box/Qty.
REMA EQ-CS40AD	EQUAL "A" Drop-in-Bag with AirX Filter Valve Core	12 oz.	40
REMA EQ-CS40BD	EQUAL "B" Drop-in-Bag with AirX Filter Valve Core	10 oz.	40
REMA EQ-CS40CD	EQUAL "C" Drop-in-Bag with AirX Filter Valve Core	8 oz.	40
REMA EQ-CS40DD	EQUAL "D" Drop-in-Bag with AirX Filter Valve Core	6 oz.	40
REMA EQ-CS40ED	EQUAL "E" Drop-in-Bag with AirX Filter Valve Core	4 oz.	40
REMA EQ-CS40FD	EQUAL "F" Drop-in-Bag with AirX Filter Valve Core	3 oz.	40
